

“Keep Firefighters Healthy & Strong”

Dear Donor:

Firefighters face unique health risks related to their jobs. According to the International Association of Firefighters (IAFF), firefighters are at an increased risk of developing cancer, chronic respiratory disease, and heart disease as a result of exposure to heat and toxins.

These brave men and women of the Houston Fire Department put their lives on the line every day for all of us. Now we have an opportunity to protect them!

Your sponsorship of The Fire Fighters Foundation of Houston’s (FFFH) 2018 annual fundraising event, *“Keeping Houston Firefighters Healthy and Strong,”* will help us secure equipment to help protect our most precious resource – the men and women who choose willingly to put themselves in perilous situations to protect us. By helping to keep them healthy, we are helping our community.

Your sponsorship for our annual event on **Monday, October 22, 2018 from 6 p.m. to 9 p.m., at the beautiful 51fifteen Cuisine and Cocktails located at 5175 Westheimer,** (just above Saks Fifth Avenue in the Galleria) will help fund this effort. You may also support the Foundation by providing an item to be auctioned at the event, by purchasing tickets, and attending the event.

Over the years, the FFFH has raised funds to purchase essential, life-saving equipment by increasing the resources available to the Houston Fire Department. The FFFH provides an additional level of support to firefighters and the Houston Fire Department, delivering essential tools and resources for on-the-job safety. Generous sponsors and donors have made it possible for our Foundation to purchase over a million dollar in evacuation and rescue boats, high water vehicles, special nozzles, saws, and thermal imaging cameras.

Now, we’re asking that you help us protect these brave men and women from the personal health risks they face whenever they put on their uniform.

Please consider committing to a sponsorship, donating an auction item, or making a donation at www.fffhouston.com.

Thank you in advance for your much needed support.

Lee Vela, Chair
